DETAILED ACTION

1. Applicant's amendment filed on 8/28/2003 has been entered. Accordingly, claims 1-35 have been amended, and claim 30 has been cancelled. Therefore, Application is now in condition for allowance.

Allowable Subject Matter

Claims 1-29, 31-35 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record neither teach nor show a second optical element for receiving light arrays and directing the rays to impinge upon the surface at a position radially or concentrically closer to the lens system than the rays from the ring lens, and two radially collimating Fresnel ring lenses adjacent each other; a quasi point light source common to the lenses and arranged in the vicinity where the lenses are closest to one another, a reflector assembly, having three reflector sections, one being parabolic and projecting a collimated beam and the other two sections being ellipsoidal and projecting a combined converging beam.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
